

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims :**

Claims 1-21 (cancelled)

22. (amended) A molded article comprising [the product] a block copolymer prepared by [the method of claim 1] by a method comprising the steps of contacting a partially crystalline polycarbonate starting material (A) comprising activated terminal aryloxy groups with at least one polymeric species (B) comprising reactive terminal hydroxy groups under solid state polymerization conditions to afford a product block copolymer.

23. (original) An article according to claim 22 which is a multilayer article.

Claims 24-35 (cancelled)

36. (amended) A molded article comprising [the product copolymer] a copolyestercarbonate prepared by [the method of claim 25] a method comprising the steps of contacting a partially crystalline bisphenol A polycarbonate comprising terminal 2-methoxycarbonyl phenoxy end groups IV

---

with at least one polyester comprising reactive hydroxyl groups under solid state polymerization conditions to afford a product copolyestercarbonate, wherein said

partially crystalline bisphenol A polycarbonate is prepared by a method comprising melt reaction of bis(methyl salicyl) carbonate with bisphenol A.

37. (original) An article according to claim 36 which is a multilayer article.
